**Standard Features with an Airmark Engine Overhaul**

- |  |   |
|--|---|
| <ul style="list-style-type: none"> <li>* Crankshaft is dynamically balanced to less than .25 inch ounces to eliminate rotational imbalance and excess vibration (100% improvement over OEM tolerance standard)</li> <li>* Connecting rods are balanced for total weight and equal mass distribution</li> <li>* Cylinder valves and seats are precision ground to maximize cylinder performance</li> <li>* Hydraulic lifter bleed down rates matched</li> <li>* Ultra-Sonic Inspection of the crankshaft for subsurface flaws (TCM only)</li> <li>* All Airworthiness Directives and Mandatory Service Bulletins are complied with</li> </ul> | <ul style="list-style-type: none"> <li>* Manufacturers required 100% parts replacement (OUR minimum standard)</li> <li>* All parts are cleaned by chemical and/or mechanical means</li> <li>* Detailed inspection of all parts: Visual and Dimensional</li> <li>* Steel parts are Magnetic Particle Inspected</li> <li>* Non-Ferrous parts are Liquid Penetrant Inspected</li> <li>* Alodine corrosion treatment on most aluminum parts</li> <li>* Painted with a custom high temperature enamel finish</li> <li>* Complete traceability of all parts installed</li> <li>* Fully tested in our diagnostically equipped test cell</li> </ul> |
|--|---|

Warranted for 1 year or 480 hours at 100% and a limited pro-rated warranty will continue to 2 years or TBO, whichever occurs first from the date of overhaul. Accessories are 6 months or 240 hours

**Core Deposit:**

**Quoted by:**

Overhaul price is contingent upon your engine core crankcase & crankshaft being repairable  
 Engine must be a complete and normal core.

All pricing is subject to change without notice. Core charges may apply. Freight is additional.
